

SchoolWorkSpace - What's New August 2026

Access Arrangements Icons

Feature 1 – Email Routing Options

The screenshot shows a form titled '1 selected Student'. Below the title, it says 'Choose how Exams Assist should select the student's email address' and 'One email will be sent to each selected student using the first valid email address'. There are three radio button options: 1. 'Use Standard Email Routing' (selected), with a description 'Uses the most appropriate address based on the student's status. Current students: School/Work Email is preferred. Leavers or deleted students: Personal/Home Email is preferred.' 2. 'Prefer Personal/Home Email', with a description 'Emails are checked in this order: Personal Email > Home > Login > Other > Email > Work/School'. 3. 'Prefer Work/School Email', with a description 'Emails are checked in this order: Work/School > Login > Other > Email > Personal Email > Home'.

Centres can now choose from three email-routing options when sending an email to candidates:

Use Standard Email Routing (Recommended Option) - Exams Assist automatically selects the most appropriate address based on the candidate's status: For **Current Students**, their School/Work Email

Address will be used. • For **Leavers or Deleted Students**, their Personal/Home Email Address will be used.

Prefer Personal/Home Email - Exams Assist checks the candidate's recorded email addresses in the following order: Personal Email → Home → Login → Other → Email → Work/School.

Prefer Work/School Email - Exams Assist checks the addresses in the following order: Work/School → Login → Other → Email → Personal Email → Home.

Only one email is sent to each selected candidate, using the first valid address found in the chosen order.

Feature 2 – Access to Scripts Improvements

Several improvements have been made to the Access to Scripts form:

- Candidates must now complete the first section of the form before they can request a script.
- The classroom-use options are only displayed once the candidate has consented to their scripts being used in the classroom for teaching purposes.
- The candidate's awarded mark is now displayed alongside their grade within the requested scripts section.
- Where component results are available, candidates can select the relevant components rather than the overall qualification. The overall qualification will only be selectable where no component results are available.
- Coursework and NEA components are no longer displayed on the Access to Scripts submission form.

Feature 3 – Review of Marking Improvements

A Review of Marking column has been added to the Results Table.

Feature 4 – Grade Boundaries Improvements

The Marks to Next Grade is now included in the Download to Excel for each Qualification Result.

Centre Specific Grade and Component Boundaries can now be viewed across all Awarding Bodies in a web version from the Results Tab.

Candidate Specific Grade and Component Boundaries can now be displayed to the Candidates. To enable this feature, navigate to

the **Results Tab | Configure Exams Assist**, then **Show Grade Boundaries to Students**. When selected, the Candidates will be able to view the **Mark to next Grade**.

Feature 5 – Results Import Improvements

Centre's can upload a zip file of their Results. Navigate to the Results Tab | Actions | Upload Results File. Locate the file and select Submit.

Centres' can upload the BTEC Marks for Units CSV file. This file can be download from the Edexcel Portal, then uploaded into Exams Assist. Navigate to the Results Tab | Actions | Upload Results CSV File. Locate the file and select Submit.

Feature 6 – Downloading Email Addresses

Centre's can now download the email address recorded for each student within SchoolWorkSpace. To download this to Excel, navigate to School Settings | Students | Download | Student Email Addresses Excel.

New/Updated Reports

- Results - Review of Marking / Clerical Re-Check

Review of Marking (ROM) Candidate Consent Form

The following information explains what may happen following a clerical re-check, a review of marking and any subsequent appeal.

If we submit a request for a clerical re-check or a review of the original marking, and then a subsequent appeal, for one of your examinations after your subject grade has been issued, there are three possible outcomes:

1. Your original mark is lowered, so your final grade may be lower than the original grade you received.
2. Your original mark is confirmed as correct, so there is no change to your grade.
3. Your original mark is raised, so your final grade may be higher than the original grade you received.

To proceed with the clerical re-check or review of marking, you must sign the form below. This tells us that you have understood what the outcome might be, and that you give your consent to the clerical re-check or review of marking being submitted.

Centre Number	12345	Centre Name	Martin's Green Abbey
Candidate Number	0001	Candidate Name	Tamwar Abdullah
Personal Email Address			

Details of review (Awarding Body, Qualification level, Subject title, component/unit)

I give my consent to the centre to submit a clerical re-check or a review of marking for the examination(s) listed above. In giving consent I understand that the final subject grade and/or mark awarded to me following a clerical re-check or a review of marking, and any subsequent appeal, may be lower than, higher than, or the same as the result which was originally awarded for this subject.
